Any roles will be circulated as part of a notice of an AGM and elected at the meeting itself.
- 2.3.** The League shall be governed by a Management Committee (hereinafter called “The Committee”) consisting of the Officers of the League and up to six other Committee members duly elected at the AGM.
- 2.4.** The Committee shall meet as necessary and will be responsible for the government of the League within the framework of this Constitution and the Rules. This form must be returned to the General Secretary no later than 31st July. Any applications received after this date shall only be considered if a team withdraws prior to the season start and the divisional structure for that season means they will provide a suitable replacement to the team withdrawing.
- 3.2.1.** Member clubs shall be required to include the contact information of their team captains (or managers for junior teams), secretaries and treasurer as part of the application process so such information can be stored by the League, for the period of one season where it shall be deleted and re-requested if required. The ability to consent to one or both of these options will be included on the application form. No details shall be included on the website or subscribed to the WhatsApp group if consent has not been granted.
- 3.3.** The League will model each season on the “base structure” outlined in [Appendix A](#), which will be subject to change on an annual basis based on the availability of playing facilities and membership demand.
- 3.4.** Membership applications will be considered on a “first come, first serve” basis under the following timeframes; subject to the stipulations in [3.2](#):
- 3.4.1.** *End of the previous season to 30th June:* Applications from teams who participated in the previous season’s fixtures. Should the League “base structure” ([3.3](#)) of a playing category (Ladies, Men’s, Under 14’s or Under 16’s) be reached before the end date, applications for that category will be closed and re-open on the first day of the next application window ([3.4.2](#)), subject to availability.
- 3.4.2.** *1st July to 31st July:* Applications held over from [3.4.1](#) and from teams who did not participate in the previous season’s fixtures.
- 3.5.** The submission of an application should not be considered an acceptance of membership and will only be ratified through confirmation of acceptance from the General Secretary.
- 3.6.** Expulsion of membership for any Member Club shall be at the discretion of the Committee.

4. Annual General Meeting (AGM)

- 4.1.** The AGM of the League shall take place during the close season, no later than the end of June, at a venue, date and time to be decided by the Committee. Notice of each AGM will be circulated to member clubs at least 14 days before the meeting.
- 4.2.** Proposed amendments to the Constitution, Rules and Playing Conditions of the League and other proposals, including nominations for membership of the Committee, will be considered at the AGM. This is subject to such proposals having been received from either the Committee or a member club and seconded by a different member club, in writing, to the General Secretary not later than one month after the end of the previous season.
- 4.2.1.** No club shall be entitled to propose more than one person as a committee member.
- 4.2.2.** Each member club shall be entitled to one vote. No member club shall be entitled to a vote at a meeting by proxy. Voting shall be by show of hands unless the Chairperson of the meeting directs otherwise.

- 4.2.4.** No proposal to amend the Constitution, Rules or Playing Conditions shall be deemed to be carried unless it receives a majority of the votes of member clubs. In the event of a tied vote, the Chairperson of the meeting shall have the casting vote.
- 4.2.5.** Attendance at an AGM is mandatory and a failure to attend by a representative of a member club will be subject to the disciplinary procedures set out in Appendix B [1.3.6](#).

5. Extraordinary General Meeting (EGM)

- 5.1.** An EGM may be convened at the discretion of the Committee or on receipt by the General Secretary of a written notice by not less than eight of the member clubs.

6.2.3. These fees will be subject to a rise in line with any increases to costs imposed by the League's hired playing facilities. A review of these fees shall be performed by the Committee on an annual basis.

- 6.3.** Should a member club fail to fulfil [6.1.2](#) or [6.2.2](#), they will be deemed to have withdrawn from the League until the fees have been paid. They may also be subject to the penalties laid out in Appendix B [1.3.7.a](#)).

8. Winding Up

8.1. In the event of the League being wound up, a financial statement of accounts will be prepared and audited.

8.2. If these accounts reveal a deficiency, every member club at the date of winding up and every club that ceased to be a member within the year preceding the date of winding up shall contribute equally to clear such deficiency.

8.3. If a surplus is revealed, it shall be given to some other body with objectives similar to those of the League. Should an alternative be necessary, then it shall be given to some charitable body; preferably connected with cricket.

9. Venue & Scheduling

9.1. All League matches shall be played at Places Leisure Eastleigh, Passfield Avenue, Eastleigh, Hampshire, SO50 9NL.

9.2. Matches will be scheduled for Sunday evenings and shall begin no earlier than 15:00 and finish no later than 23:00.

9.2.1. If exceptional circumstances necessitate, the League will be permitted to schedule matches at times different to [9.2](#) with the agreement of the teams affected by any changes.

9.3. The frequency of which teams play each other per season in each division will be decided by the Committee as part of the schedule on annual basis.

9.4. Fixtures will be issued to clubs at least one month prior to the season start. Any re-arrangement of fixtures will only be authorised with the permission of the Committee and the two teams involved.

9.5. Matches will be scheduled at 65-minute increments and will be expected to be completed within that timeframe. Should a preceding match reach a result prior to scheduled finish time, any following match shall start at the earliest opportunity (although not more than 10 minutes).

- 9.5.1.** The umpire(s) will signal when play must be ready to start with the commencement of a three-minute countdown on the on-court scoreboard at the immediate conclusion of the preceding match. In the event of there being no preceding match, this countdown will begin at the umpire(s) discretion.
- a) This countdown will also be applied by the umpire(s) during the innings break.
 - b) No allowance for an extension to this countdown will be granted under any circumstances.
 - c) Should all parties be ready to start play, this countdown may be stopped prior to it reaching its' conclusion.
 - d) This regulation will be subject to it not contravening the earliest possible start time in [9.5](#).
- 9.5.2.** A team shall be deemed ready to start a match if they have two members of their side present when they are the batting side, or four members when they are the fielding side (except in [9.5.3.b](#)).
- 9.5.3.** Should, due to avoidable reason, one team not be ready to start a match at the conclusion of the countdown in [9.5.1](#), the following will apply:
- a) Yet to have batted: Begin to lose overs available to it during its' batting innings. This will be calculated at a rate of one over per two and a half minutes that elapse without play ready to begin (not including the initial countdown in [9.5.1](#)).
 - b) Already batted: Be required to start play with members of the side currently on court.
- 9.5.4.** For every five minute delay that is caused by the batting side or a side yet to bat, a batsman of that side shall be considered to be 'Timed Out' and will not be permitted to bat during their innings. Any occurrences of this shall be considered as a wicket taken by the fielding side and bowling points shall be awarded in line with [11.1.6](#).
- 9.5.5.** If a side is more than 20 minutes late, they will be deemed to have forfeited the match and will be subject to penalties outlined in Appendix B [1.3.4.b](#).
- 9.5.6.** The fielding side will be expected to complete their allocation of overs (or bowl a side out) within 30 minutes.
- a) Should, at the discretion of the umpire(s), a fielding side fail to achieve this as a result of unnecessary delays, no further bowling points may be gained from the point the time limit was reached until the conclusion of the innings.
 - b) To avoid further delay should the time limit be exceeded, the umpire(s) shall inform the necessary parties ([9.5.7](#)) at the conclusion of the innings.
 - c) The offending side will be subject to penalties as outlined in Appendix B [1.3.5.c](#).
- 9.5.7.** Should any of the above three measures take place, the umpire(s) will inform the captains and scorers of both sides. At the conclusion of the match, they shall also inform the Committee.

- 9.5.8. The above applies to all matches except Cup semi-finals and finals, where both sides start the match with their full allocation of overs. Any avoidable late start in this situation will still incur penalties outlined in Appendix B [1.3.5.a](#)).
- 9.5.9. No match shall have overs deducted from it unless it is because of a delay deemed avoidable by the umpire(s).
- 9.5.10. The decision on whether a team is deemed to be late by avoidable reason shall be at the sole discretion of the standing umpire(s) of the match. Any disagreement with a decision made by the umpire(s) that causes further delays shall be subject to further overs deductions.

10. Match Procedure

10.1. The Toss:

The toss must take place on court during the innings break of the preceding match; although not more than 45 minutes before the scheduled start time. This must be conducted in front of the standing umpire(s) currently on court, regardless of whether they will be the standing umpire(s) of the match the toss applies to.

- 10.1.1. Should there be no preceding match, the toss must be conducted in front of at least one League appointed umpire or Committee member no later than 20 minutes prior to the scheduled start time.

- 10.1.5. Should neither side be present for the toss at the expected time, the toss will be completed at the earliest opportunity between the first members of each side to arrive. - 10.2.1.** Upon completion, a team sheet may be given to the scorers to assist them until the end of the match but must be returned to the paperwork desk to be considered as completed.
- 10.2.2.** Should a team be considered as having failed to submit a fully completed team sheet, they will be subject to penalties in line with Appendix B [1.3.1](#).
- 10.2.3.** The Committee's decision shall be final as to whether a team sheet has been correctly completed and submitted.

The home scorer shall use the white and yellow sheets; with the away side using the pink sheet. The white sheet shall be returned to the paperwork desk as submission of a result.

Such part of an over will count as a full over only in as far as each bowler's limit is concerned.
- 21.2. No Ball:**
- 21.2.1.** A line shall be marked across the pitch, halfway between the wickets; a "No Ball" will be called if the ball pitches short of this line in Ladies and Men's competitions.
 - 21.2.2.** If the ball, having bounced, passes (or would have passed) above shoulder height of the striker standing upright at the popping crease, then the umpire at the bowlers end shall call and signal "No Ball".  - 21.2.4.** No extra ball shall be bowled if a "No Ball" is called, except in the final allotted over of each innings.

21.3. Wide Ball:

Umpires are instructed to apply a very strict and consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket.

21.3.1. *Men's Competitions:*

- a) Deliveries passing down the leg side behind the body of the striker (not touching the batsman's bat or any part of his body or clothing) and wide of the leg stump, whether they move or not, shall be interpreted as negative bowling and "Wide Ball" shall be called by the bowlers end umpire.
- b) Deliveries passing the batsman on the off side (not touching the batsman's bat or any part of his body or clothing) that are outside of the edge of the mat (when it is laid evenly between the return creases) shall be interpreted as negative bowling and "Wide Ball" shall be called by the bowlers end umpire. This shall be unless the batsman brings the ball into play through their stance position or in attempting to play a shot.

21.3.2. *Ladies and Junior Competitions:*

- a) Deliveries passing down the leg side behind the body of the striker (not touching the batsman's bat or any part of his body or clothing) and wide of where a batsman would be expected to take their stance or where the batsman has taken their stance (whichever is more towards the leg side) shall be interpreted as negative bowling and "Wide Ball" shall be called by the bowlers end umpire.
- b) Deliveries passing the batsman on the off side (not touching the batsman's bat or any part of his body or clothing) that are outside of the edge of the mat (when it is laid evenly between the return creases) shall be interpreted as negative bowling and "Wide Ball" shall be called by the bowlers end umpire. This shall be unless the batsman brings the ball into play through their stance position or in attempting to play a shot.

21.4. Last Man Standing:

21.4.1. Two batsmen shall be on the field of play at all times during an innings. In the event of a team losing their penultimate wicket, the dismissed batsman shall remain at the wicket solely as a runner. The batsman yet to be dismissed will face all remaining deliveries of the innings.

21.5. Retired and Retired Hurt:

21.5.1. Provided there are batsmen remaining to come in, a batsman will retire when they have personally scored a multiple of 25 runs (i.e. 25, 50, 75 etc.) at the point the ball becomes dead. The batsman that replaces them shall take the position at the wicket they vacated.

21.5.2. Returning batsmen must return in the same order as they retired.

21.6. Result:

- 21.6.1.** In all matches, the team that scores the most runs shall be declared the winner.
- 21.6.2.** In the event of both teams scoring the same amount of runs at the conclusion of their innings, the following will apply:
- a) ***Division based Matches:*** the match shall be declared a Tie and points will be distributed accordingly.
 - b) ***Knockout Cup Matches:*** the match shall be decided in favour of the team that has lost the least number of wickets. In the event of this being equal, there shall be a bowl-out. Each team shall take it in turns bowling at an unguarded set of stumps, gaining one point for each delivery that breaks the wicket (provided the delivery is legal). Each player shall bowl only once, and the greater scoring team shall be declared the winner. Should the bowl-out be tied, it will go to sudden death in the same order until a result is achieved.

21.7. Scoring:

For the purpose of clarity, any mention of a 'wall' in the following regulations will also include netting, ceiling or appendages thereof.

- 21.7.1.** A ball struck to hit the "boundary wall" behind where the bowler begins his run up without touching the floor or any other wall shall count as six runs. If, however, the ball touches the floor but does not touch any of the other walls and hits the boundary wall, then it shall count as four runs. The ball shall be considered dead at the instant the runs are scored.
- 21.7.2.** A ball struck by the batsman that hits a wall (excluding the boundary wall in [21.7.1](#)) shall count as one run towards their score, even if the ball subsequently hits the boundary wall afterwards. This will be in addition to any runs scored in [21.7.3](#).
- 21.7.3.** In addition to [21.7.2](#), a ball struck by the batsman that means they successfully complete a run between the wickets shall count as two runs towards their score.
- 21.7.4.** One bye shall be scored should the ball hit any wall without the ball making contact with the striker, their bat or their equipment first; provided the ball is not a "Wide Ball". Should the batsmen also successfully complete a run between the wickets, an additional two byes will be added to the total.
- 21.7.5.** One leg bye shall be scored should the ball hit any wall with the ball having only made contact with the batsman's person that is not connected to the bat, provided they have attempted to play a shot. Should the batsmen also successfully complete a run between the wickets, an additional two leg byes will be added to the total.
- 21.7.6.** Should a "No Ball" be called, three no balls will be added to the total. Any subsequent runs should be added to the total according to [21.7.1](#) to [21.7.5](#).
- 21.7.7.** Should a "Wide Ball" be called, three wides will be added to the total. Any further runs that are scored from the delivery will also be added to the total as wides.
- 21.7.8.** An overthrow hitting any wall shall count as one run to the striker or the relevant "extras" column as appropriate. One run shall be scored per overthrow; not per number of walls the ball makes contact with from the throw. The batsmen shall not change ends as a result of this.

21.7.9. Should a ball become lodged in any netting, obstacle or passes onto an adjacent court, corridor or balcony, the umpire shall call and signal “Dead Ball” and award one run to the striker or the relevant “extras” column as appropriate. The total will also be credited with two runs per run that the batsmen have completed at the point the ball becomes dead.

21.8. Methods of Dismissal:

In addition to the methods of dismissal outlined in the Laws of Cricket, the following variations shall apply:

21.8.1. The striker will be deemed to be out should a fielder catch the ball after it has hit a wall (except in the case of [21.7.1](#)), provided the ball has not touched the floor.
